William L. Ryan, AP Foreign News Analyst, Speaks At 12th Annual Times Dinner Tuesday

"Given another decade without a world war, Moscow may yet reform itself," William L. Ryan, Associated Press foreign news analyst, said Tuesday evening at the twelfth annual dinner of the Times and News Publishing Company, held at the Hotel Gettysburg.

Describing Russia today, Ryan observed: "At home, Krushchev and Bulganin have many problems, not the least of which is the hunger of the Soviet people for the amenities of life."

"All these years their wants have been sacrificed to building the might of the state, to a huge industrial revolution, to huge arms expenditures, to vast projects to transform the land."

Cites Growing Impatience
"There is a growing Soviet impatience to have some of the great wealth of the Soviet Union funneled into things like refrigerators and stoves and good clothing and decent goods in the stores. They are growing restless with the unending shabbiness of consumer goods."

"As the old Bolsheviks and Stalinists die off in the years to come, these longings of the Soviet people may make themselves felt more and more, and as the newer generation, however indoctrinated, inherits the government, such pressures not only can make themselves felt, but can even have a profound effect on world politics. Given another decade without a world war, Moscow may yet reform in spite of itself."

Ryan warned however: "But at the moment, and for some time to come, it would be foolish to believe we can do business with the Soviet Union on any normal basis. The Communist philosophy which guides them insists that our way of life must die out and theirs must prevail. Communist morals permit any deceit whatever that might advance the day."

Grim Struggle Ahead
"At the moment the Soviet Union holds the offensive in the cold war. Unhindered by a free parliament or electorate, the Communist hierarchy can move swiftly, maneuver, sacrifice their people to their long-term goals. And as each year goes by the military might and industrial potential of the Soviet Union increases."

"For the immediate future then, the prospect is for grim struggle between the Communist and non-Communist worlds with the democratic way of life at stake. Western Civilization has a vast reservoir of moral strength that may still be the deciding factor in that struggle."

JUDGE SHEELY TALKS TO LIONS AT BIGLERVILLE

Seventy members were present at the meeting of the Upper Adams County Lions Club held in the Biglerville School cafeteria Tuesday evening at 6:30 o'clock. The following guests were introduced: Delmar Kime, Biglerville R. 1, and Edward Myers, a member of the Hyndman Club, of Western Pennsylvania. Mr. Myers is a teacher at Biglerville High School.

Praises Associates Here
Judge Sheely spoke particularly on the associate judges. He pointed out that 14 counties in Pennsylvania have associate judges as provided in the constitution of Pennsylvania. He told of the four constitutions of the state, the first one drawn up in 1776. The third constitution was drawn up in 1838, and the fourth in 1873. Judges of the County Court were first appointed by the Governor with at least three but not more than four in each county. In 1838 the associate judges came into being.

COUNTY SCHOOL OFFICES MOVE ABOUT APRIL 1

The office of the Adams County Superintendent of Schools will be moved to 149 Carlisle St. in about three months, the Adams County Commissioners announced this morning.

Final agreement was reached this morning between the commissioners and Russell Durboraw, Gettysburg R. 1, for the county to rent the north side of the double house on Carlisle St. for \$100 a month. Durboraw is to furnish the heat.

The house, now tenanted by Thomas Brenner, consists of six rooms on two floors. That amount of space was agreed as sufficient for the county superintendent, assistant superintendent, supervisor of special education, two speech correctionists, the supervisor of agricultural education and two secretaries, one part-time.

Consider Salaries Today
Sterling Musselman, of the Nationwide Insurance Co. is planning to open an office on the downstairs part of the south side of the house, 147 Carlisle St., now tenanted by John Weitzel, Durboraw told the commissioners this morning.

The new board of commissioners today was expected to carry out a brand new duty. Previously the county paid its bills by checks signed by the treasurer. Under a new state law, in addition to the treasurer, the commissioners also must sign the checks either in person or facsimile, and the clerk to the commissioners must also sign the checks. The commissioners, while they had no checks present, held they "believe" they are going to do most of the signing by rubber stamps.

This afternoon at 2 o'clock the salary board — the commissioners and treasurer — met to go over the salaries to be paid during the coming year.

There's a lonely, crippled Adams County boy in Ward 16 at the State Hospital for Crippled Children

at Elizabethtown and so far his only friend has been the Red Cross. Billy Newman, 14, whose home is near Gettysburg along the Fairfield Rd., has most of his body in a cast following surgery five months ago when he was admitted to the hospital. He expects to be in the cast for the next year and a half or two years.

He had a back deformity from birth and later was injured in an auto accident, aggravating the back condition.

Staff members at the hospital say Billy is lonely but that mail would help cheer him up. The Red Cross here sent him puzzles and books at Christmas time but there were only one or two Christmas greetings for him. Candy and foodstuffs have been ruled off the gift list for Billy.

Mrs. Peggy P. Hill, executive secretary of the county chapter of the Red Cross, hopes that former schoolmates here, other acquaintances and maybe some local groups will write to Billy and take an interest in brightening his long months of convalescence that lie ahead.

DEALERS TO MEET
The January meeting of the Adams County Retail Beverage Dealers' Association will be held Thursday evening at 8 o'clock at the Park Hotel in New Oxford. President William Flood will preside at the meeting at which plans will be made for the annual banquet.

HEIGES WAIVES HEARING FOR MANSLAUGHTER

Harold H. "Sam" Heiges, Buford Ave. real estate broker, Tuesday afternoon waived a hearing on an involuntary manslaughter charge brought against him before Justice of the Peace Robert P. Snyder in connection with the fatal accident December 22 in which Radarman 2/C Donald LeRoy Schultz, Breckenridge St., was fatally injured.

Heiges at the same time posted \$1,000 bail for his appearance in January term of court.

District Attorney Daniel E. Teeter told reporters the charge was brought by state police following a conference between himself and the officers. It was decided to bring the charge, he said, "by reason of the verdict of the coroner's jury that the death of Seaman Schultz was caused by the negligence of Mr. Heiges and also because of the facts involved in the crash. It was felt that the matter should be presented to the grand jury and a petit jury for a final conclusive determination as to whether there was such negligence that it amounted to involuntary manslaughter. To be involuntary manslaughter the negligence must be of a reckless type or else must result from the doing of some unlawful act."

The accident occurred early on the morning of December 22 approximately a mile east of here on the Lincoln Highway. Heiges was driving west when his car collided with the rear dual wheels of a truck tractor of the Miller Trucking Co. as the tractor was being towed off the road into the company parking lot. After colliding with the wheel, the car continued on for some distance and then upset. Seaman Schultz, a passenger in the Heiges car, suffered a fractured skull that led to almost immediate death.

COMMISSIONERS ARE HONORED BY WELFARE BOARD

Newly-elected and retiring members of the board of Adams County commissioners dined Tuesday evening at Trinity Reformed social hall here with members of the advisory board of the Adams County Child Welfare Services.

The dinner specially honored the outgoing board of commissioners and Miss Babette Blumenthal, who has been state field supervisor of child welfare work here for the last eight years. She recently has been promoted to the post of regional supervisor and assigned to another region of the state.

President C. C. Culp presided and paid tribute to the services of Commissioners Karl Smith, J. Blaine Bushey and G. Ed. Taughnbaugh and Miss Blumenthal. Mr. Smith, Mr. Taughnbaugh and Miss Blumenthal responded briefly.

Lauds Commissioners
The invocation was given by the Rev. A. W. Geigley. Twenty-seven persons attended including board members and their wives and the wives of several of the commissioners. E. Donald Scott and George E. Kane, who became members of the board on Monday, were among those present.

Miss Bettie Livermore, executive secretary for the county child welfare services, lauded the work of the commissioners in the last four years. Speaking for the advisory group and its staff, she said: "It has been a pleasure and an honor to work with these three men."

In her regular "state of the agency" report, Miss Livermore said there are 96 children under care now, exactly equalling the total a year ago. Twenty-five of them are in their own homes, eight in the homes of relations, 56 in foster homes and seven in institutions.

Undertake New Study
She said there is a continuing need for more foster homes although there are 11 approved foster homes not now in use. They are available only to children of specified sex, age and personality traits. Children that fit those specifications are not available at present.

One accomplishment in 1955 specially referred to by Miss Livermore was the completion by the Case committee of a study of the needs of neglected children in the county together with that group's recommendations for additional services to meet those needs. The report was presented to the county commissioners about a month ago and will be presented also to the new board.

Miss Livermore said a study is now being made of the foster care program in the county and a report is expected to be ready later this year.

The advisory group will meet next on Tuesday, February 7.

The January meeting of the Adams County Council of Republican Women has been postponed from next Monday to January 16.

JUDGE SHEELY

(Continued from Page 1)

ing because they could take care of court work while the president judge moved on to reside in other county courts, he said.

The office of associate judge was provided for in the constitution of 1790. In 1854 the election of judges by the people of the respective counties was provided for. Prior to that, they were appointed by the Governor.

On questions of law, the president judge has the final say, but on questions of fact, the associate judges enter into the final decisions and can override the president judge. Judge Sheely noted that the associate judges in Adams County "have served a useful purpose, and are continuing to do so." He paid tribute to A. Dale Knouse, who is serving with him on the bench, and to George P. Taylor, whose term expired at the beginning of this year. Both are members of the Upper Adams County Lions Club.

A board meeting followed the business meeting.

Expect Eisenhower To Rush Expanded Farm Program To Congress; Plans Farm Talk

By JACK BELL

WASHINGTON — President Eisenhower may rush an expanded farm program to Congress next week in an effort to get the jump on Democrats primed to make falling agricultural prices a 1956 campaign issue.

With Congress awaiting Eisenhower's State of the Union message tomorrow, Sen. Aiken (R-Vt.) said he has been advised work on the administration's farm proposals will be completed this weekend.

Both houses are in recess today after routine opening ceremonies of the election-year session yesterday.

May Send Message

Aiken, top Republican on the Senate Agriculture Committee, said in an interview he has reliable information that unless plans are changed a special farm message may be sent to Capitol Hill early next week, probably Monday.

This would likely precede any action by the Democratic-controlled Agriculture Committee on a House-passed bill to restore high, rigid price supports for major field crops. The bill would upset the administration's flexible support program now in effect.

The President is expected to recommend retention of flexible supports, plus increased benefits for low-income farmers and establishment of a "soil bank" plan under which acreage would be taken out of production of surplus crops and its fertility built up for the future.

Predicts Farm Program

Sen. Sparkman (D-Ala.) predicted the Democrats will come up with a farm plan of their own. He said it will be based on restoration of rigid supports "but will go a long way beyond that."

There was no advance word on exactly what Eisenhower will propose in a 7,500-word message that clerks will read to the two houses tomorrow.

But he was expected to make no specific recommendations for tax cutting, an issue over which congressional Democrats have split.

Will Fight Tax Cuts

Chairman Bridges (NH) of the Senate Republican Policy Committee said he will fight any tax cuts until the budget is balanced.

The President is expected to propose a program of federal-state cooperation on disaster insurance, with details to be outlined in a special message later.

Eisenhower probably will send a school construction message to the lawmakers Jan. 12 or 13, lay

down his budget proposals Jan. 16 and follow with a special health message Jan. 19.

School Construction Bill

Speaker of the House Rayburn (D-Tex.) said yesterday he hopes to bring up a school construction bill in 10 days or two weeks. The House Education Committee already has approved a bill to authorize 400 million dollars of federal school construction funds a year for four years.

Moves are under way to try to attach an antisegregation amendment, which could touch off a filibuster, tying up the bill indefinitely.

The Senate will have before it a House-passed bill to lower the social security eligibility age for women and disabled workers, with the expanded benefits to be paid for out of increased payroll taxes. The administration may recommend more modest benefits and no tax increase.

and Theodore Keefe. Music during the dinner was presented by Mary Howe, accordionist. The dinner menu featured breast of chicken on Holland sauce.

Made Honorary Member

Following the talk by Mr. Ryan, he was presented with a certificate as an honorary member of The Gettysburg Times staff, joining a list of men who were so designated after speaking at prior Times dinners. Among the "honorary members" present Tuesday evening were William S. Livingston Jr., Dr. Lloyd C. Keefe, Philip R. Bickle, Dr. Harry F. Baughman and Edmund W. Thomas.

"The Soviet Union has the most newspapers and the worst newspapers of any country I know, and I've been in about 60 countries," Ryan also told the group. "In a handbook for journalists in training in the USSR it says 'In the capitalist world the press is used by the bourgeoisie to mislead simple people, so that capitalists can impose their will on the workers. In capitalist society information serves as a means of diverting the attention of the popular masses from vital problems.'"

No Real News in Red Press

"The Soviet press does not do that. It keeps attention focused on vital issues, principally such things as the need for more labor production, more tonnage of the party line. . . . To read the Soviet press you would think there never was and never will be a fatal accident, a fire, an airplane crash, a train wreck, a natural disaster in the USSR. What is printed is the editorial lambasting of some poor clown who made a misstep in his job, or spoke out of turn, or violated 'Communist morality.'"

"There are 7,000 papers in the Soviet Union. Five hundred of these are dailies. Circulation is at an all time high of about 47 million. All newspapers are four pages. All look pretty much alike and all print much the same thing."

He showed examples of Russian magazines and their advertising.

No Competition

An advertisement for luggage displayed by Ryan was translated as simply stating "Buy luggage." Ryan said he had bought luggage, while in Russia. "It lasted all of two weeks. A good many of the ads urge people to buy this or that but then you find out that it is just not quite available as yet."

An ice cream ad stated simply, "Eat Ice Cream."

Ryan added: "There's no point for the Russians to say which ice cream to eat, or which tea to drink or which cigarette to smoke in their advertisements because there's no such thing as competition."

"The Russians boast that their press, like their election system is the freest in the world, because it is unanimous, and there are no factions to cause arguments. Everybody is agreed on everything. They'd better be."

No Revolt Ahead

"The monolithic character of this press reflects the monolithic character of the dictatorship we are going to be up against for a long time to come. While such a structure has many weaknesses, it also provides the Kremlin with advantages in waging a cold war. 'Many people ask me if there is any possibility that the people of the Soviet Union will overthrow the Kremlin regime with violence. I don't think so. Perhaps for another decade to come we are going to have to live with them as best we can and try to contain the regime's ambitions short of world war.'"

TOWN COFFERS ENRICHED FROM MANY SOURCES

It costs a lot to dig in Gettysburg's streets, according to the annual report of Burgess William G. Weaver.

Digging permits during the year brought \$19,457.35 into the borough's coffers, according to the Burgess who has the duty of collecting the amounts. But the borough doesn't make a profit on the "underground" work. The income is used to pay for the replacements of streets.

Theater-goers were helpful to the borough. Their one or two cents in taxes paid each time they bought a movie ticket gave the borough \$5,384.58 in 1955. The theater tax report also shows movie attendance dwindles in the warmer months. Lowest collection in any one month was in August, when the theater admission tax take dipped to \$305.95. September showed an immediate jump — (theater men ascribe much to the arrival of college students in the town) — with the tax increasing to \$519.23. Best month theaterwise in Gettysburg last year, judging by the ticket tax, was April when \$586.36 was collected.

Parking Revenue

Parking fines also were a "good business" for Gettysburg, bringing in \$2,566 to the borough. November was the big month for parking fine paying with \$298 turned in. June had the fewest parking violations and thus was "the worst month" for income. Only \$130 in parking fines was collected in that month.

All told the Burgess collected \$29,379.18 for the town during the year, ranging from digging permits to taxi stall rentals and even the collection of occasional telephone tolls for calls made on other than borough business.

Hear Arguments In League Hassle

LEWISBURG, Pa. — Oral argument was to be heard in federal district court today on an extended temporary injunction suit filed by Little League Baseball, Inc., against its former commissioner, Judge Frederick V. Follmer yesterday extended for one day the order restraining Carl E. Stotz from setting up a rival organization for boys and said he expected to hand down a decision in the case on Friday.

Little League obtained the injunction against Stotz, originally due to expire tomorrow, after he filed a \$300,000 law suit against the organization for breach of contract.

Stotz then announced plans to set up another baseball organization for boys. The league removed Stotz as commissioner after the breach of contract suit was filed.

Peter J. McGovern, president of Little League, testified at a hearing yesterday that he was employed by the U.S. Rubber Co., which sponsors the organization.

MAY CUT AID TO RACE SCHOOLS

WASHINGTON — Rep. Powell (D-NY) said today "we've got the votes" to write racial segregation restrictions into a federal school aid bill due for early House action.

Several other House members said an amendment to deny federal construction aid to areas with separate white and Negro schools could mean the end of school assistance hopes for the rest of this Congress.

Speakers To Win

Speaker Rayburn of Texas told newsmen yesterday he expects to get before the House within a week or 10 days a bill to make federal construction funds available to states and local school districts.

Expects To Win

Powell, a Negro, told a reporter he intends to force the segregation issue on the House floor and that he expects his amendment to win with the help of considerable Republican support.

Rep. Halleck of Indiana, assistant Republican House leader, said of the Powell amendment, "I would say at this time it would be voted in," and he added: "If that happens, the bill probably will go through the House. But I have doubts that it would pass the Senate. They would probably kill it over there."

President Eisenhower is expected to mention the administration's school aid proposals in his State of the Union message to Congress tomorrow, perhaps delaying details for a later special message.

Party Held For Player Group:
The Peter Pan players of the Biglerville high school held a Christmas party Friday night in the community hall immediately following the alumni game.

George Dick, vice president of the high school players, presided at the meeting and also acted as chairman of a committee on arrangements, the other members of which were Miss Mildred Shue and Stanley Gulse.

The alumni members present were Miss Kathryn Rouzer, of Catawba college, Salisbury, North Carolina; Miss Catherine Cole, of the Webster School of Expression and Physical Education in Washington, D. C.; Miss Helen Baker, who is a student at a business college in York; Dale Roth, of Huntington college at Huntington, Indiana; Kermit Gulden, of the Millersville State Teachers' college; Floyd Sell, of State College; Donald Bucher, of Paterson, New Jersey; Thurston Bucher and John Hertzog, of Bendersville; Dale Miller, of Biglerville, and Harold Trostel, of York.

First Movie Here Opened 19 Years Ago: The nineteenth anniversary of the opening of the Strand theatre, Baltimore street, is being observed this week, according to Harry J. Troxell, manager. Nineteen years ago David J. Forney and Charles W. Stock saw the need of a motion picture theater in Gettysburg and opened the "Wizard" on the site of the present Strand. The theater at that time consisted of 100 chairs. Later the seating capacity was increased to 200. And still later the theater was moved to the site of the former Lincoln Way Theatre, York street, and was known as the Walters theatre.

The Wizard was reopened under the management of Jacob Ramer and Charles Holtzworth and the name changed to the "Pastime." In 1911 Mr. Troxell purchased the Pastime theatre and changed its name to the "Photoplay."

College Students No Better Off No Worse, Survey Reveals: Washington, Dec. 30 (AP) — College students apparently are no better and no worse than the country's population at large.

A study of moral conditions in the sixty-nine land grant universities and colleges in a survey of the institutions by the federal office of education has led it to that conclusion.

Drinking was listed as one of the chief trouble makers at 26 of the institutions. Six colleges reported trouble from extreme types of dancing. Eleven reported "a great deal of trouble" because of attendance at cafes and roadhouses after dances, and some declared "withdrawal from halls to cars and rides after dances" caused some trouble.

Autos Cause 21 Fatalities: Automobiles took a toll of 21 human lives in Adams county during 1955, the largest number of such victims recorded here. The death list compares to six accident victims in 1929 and fifteen in 1928.

Three of the victims were children; four were struck by automobiles while walking on the highway. Eleven of the victims were non-residents of the county.

Fire Loss Low During 1955: Gettysburg's fire loss in 1955 was approximately \$6,000, James B. Aumen, fire chief, announced today. The loss, he said, was less than in 1929 when property in excess of \$6,000 burned.

Of the fifty alarms answered by the local fire department last year, thirty-four were in Gettysburg and sixteen were in the county. The loss in country fires totalled approximately \$30,000. Fire Chief Aumen said.

George Rebert And Lottie Klinefelter Wed Wednesday: George W. Rebert, of Gettysburg, and Miss Lottie May Klinefelter, a daughter of M. E. Klinefelter, York street, were united in marriage Wednesday afternoon by the Rev. Earl J. Bowman, pastor of St. James Lutheran church, at the parsonage. Personal: Dr. Frank Kramer,

Today's Talk

DOORWAYS

Doorways have always interested me. I love the doorways to the quaint and beautiful New England homes. In the earliest ones I have noted the doorways into each room to be as beautiful as the one entering the home. Those early pioneers loved beauty, and when they bought a home they planned to live in it a long time. That's why they were so particular to have things just right.

I love the doorways to those beautiful homes in Natchez, Mississippi. Great, stately creations, many of them, reflecting the ideas of those who built those wonderful pre-war homes. A visit to Natchez in the early spring of each year is an event in itself. The doorways to our cathedrals and public buildings are always impressive. I love to see them open!

I have often wondered why so much money has been spent on these great doorways of ours, but when you see them you glory in their beauty and hope they will last a thousand years or more! But the nicest thing about doorways is that they lead to the various rooms of our home where all dreams and joys, as well as sorrows, have entered.

We have our favorite spots in a home. Mine is my library. I share with Conan Doyle the title of one of his books. It's that one which he named "Through the Magic Door." The room you entered was his library — a "magic" door indeed! To the lover of books that secreted room where his books are kept is his sanctuary. There are doorways to nurseries that lead to memories no mother can ever forget. There are doorways to barns and other buildings, but only those are notable which inspire and create memories.

Tomorrow Mr. Adams will talk on the subject: "Stay In The Light"

Just Folks

CHILDREN

The sweetest things that grow
Are children.
The finest folks to know
Are children.
The firmest friends in all this earth,
I care not what a man is worth,
A constant source of joy and mirth
Are children.

The truest comrades here
Are children.
Of all, the most sincere
Are children.
The blindest to our faults, I swear,
The rarest of our treasures rare,
The only joys beyond compare
Are children.

A source of innocence
Are children.
Brim full of common sense
Are children.
Fountains of rare delight,
Brighter than sunbeams bright,
Stars in life's sky of night
Are children.

CROP CUT READY FOR CONGRESS

NEW YORK (AP)—The New York Times said today that President Eisenhower will send to Congress Monday a new plan designed to cut by as much as 20 per cent the big surplus-producing crops of corn, wheat, cotton and rice.

A Washington dispatch to the newspaper said the plan would work this way:

A farmer who voluntarily cooperated with the government by cutting his allotted acres would be given two choices. He could take a government certificate which he could turn into cash. Or he could receive from the government's surplus stocks a quantity of the kind of crop he grew and dispose of it as he saw fit.

The plan thus could reduce future plantings and help eliminate existing surplus stocks, the story said.

RESUME PROBE OF REDS IN TV, PRESS, RADIO

WASHINGTON (AP)—The Senate Internal Security subcommittee called a New York copyreader today as it resumed its hunt for traces of Communist infiltration of the press, radio and television.

Starting three days of public hearings, the subcommittee said several witnesses had been subpoenaed but named only James Glaser. Subcommittee sources said he was expected to be a cooperative witness.

Glaser was identified by the subcommittee as a former managing editor of the Communist Daily Worker. That reportedly was in the mid-1930s. He once was a copyreader for the New York Times and now holds a similar job with the New York Post.

A number of past or present employees of the Times reportedly have been called to testify in the subcommittee inquiry. The Senate group held closed hearings in New York a month ago, but has not identified witnesses it questioned at that time.

Chairman Eastland (D-Miss.) told newsmen in advance of the new hearings: "We are investigating communism. The investigation is not aimed at any one newspaper or at newspapers, but is aimed at communism."

He said the current hearings are part of a series "designed to follow up information developed last summer during the examination of Winston Burdett and other former members of a Communist cell in the Brooklyn Eagle."

Burdett, a CBS newsmen, testified last June that in 1937 he had joined a Communist unit at the now-closed Eagle. He named a dozen former employees of the newspaper whom he said he had known then as fellow Communists. He also named 10 other persons he said he had known or believed to be Communists in 1937-40. He said he broke with the Communists before joining the CBS staff.

The second section of the "soil bank" will be geared to long-range conservation. Payments also would be made to farmers for acres removed from production and planted to soil-building grasses and trees.

The long-term conservation phase involves 350 million dollars for the first year of a five-year operation. This will be coupled with the existing agricultural conservation program of 250 million dollars to provide a total of 600 millions.

Leo Durocher Is Robbed Of \$20

HOLLYWOOD (AP)—Leo (Lippy) Durocher, former manager of the New York Giants, isn't kidding these days when he says: "I was robbed."

He was closing the garage door at his Beverly Hills home last night when a voice said: "Don't move."

Leo turned his head just enough to see a man holding a pistol. Then Lippy did a rare thing.

"I said nothing. I was too scared to talk," he said. "The gunman said, 'Give me your money.' I gave him \$20, all I had on me. If I had had \$1,500 I'd have given him that."

Durocher, now a \$50,000-a-year NBC executive, said his wife, actress Laraine Day, was asleep in the house.

PLANS ACTION AGAINST COACH

LAWRENCE, Kan. (AP)—Olympic official Harry D. Henshel says he intends to make coach Phog Allen "pay dearly" for lambasting him in a recent speech on the Amateur Athletic Union.

Henshel cabled the University of Kansas basketball coach yesterday that he was planning legal action and added: "I was shocked to learn through the press of your libelous attack on me as a permanent hitchhiker to the Olympic games at public expense."

Henshel is chairman of the Olympic Basketball Committee and vice-chairman of the AAU Olympic Finance Committee.

He told Allen that in 45 years of activity in the AAU as athlete and committee man and in 20 years on Olympic committees "I have not received a dollar directly or indirectly from either organization."

Last night Allen told a reporter Henshel's cable was about 400 words long and "I must admit that it was voluminous but hardly ominous." He said he paid little attention to it.

GHS Tops Cumberland Five 60-40 For Fourth Straight; Jayvees Also Triumph 51-31

Gettysburg High School's fast moving Warriors hung up their fourth successive victory Tuesday evening by drubbing Cumberland Valley 60-40 on the latter's floor.

For three periods the game was fairly close but the Warriors broke the game wide open in the last quarter with a 24-point barrage.

Once again Coach George Forney used his entire squad and 10 of the 12 participants broke into the scoring column. Rolf Johnson and Earl Little collected 20 and 10, respectively, while the other points were well spread.

Get Good Start
Gettysburg got off to an 11-4 advantage in the first quarter on goals by Johnson, Jack Crist, Glenn Weishaar and Tom Kitzmiller plus a pair of fouls by Johnson and a free toss by Bobby Hess. The Eagles tallied on a goal by Kessler and foul shots by Potteiger and Myers.

Cumberland Valley enjoyed its best frame in the second stanza and managed to outscore the locals 14-11 as Baschore dropped in five fouls and Zimmerman connected for a pair of goals. Little, with two goals and a pair of fouls, paced the Warriors who led 22-18 at the half.

The Forney-men hiked their lead to 36-29 at the end of the third quarter and then roared away in the last period when Johnson looped 10 points, Little added nine and Johnny Coleman netted to spark the drive.

Middletown Next
Ray Ellis' Jayvees evened their season mark at 2-2 by trouncing the Eagles in their preliminary 51-31. After trailing 12-8 in the first period, the Warriors took a 26-18 lead at half time and won with ease. Kenny Keefe and Jimmy Neth led the attack.

The Warriors meet the powerful unbeaten Middletown dribblers here Friday evening as the South Penn League season gets underway.

Scranton Faces Bullet Cagers Here Tonight

A long holiday schedule break comes to an end for the Gettysburg College cagers here tonight when they resume their schedule here against the University of Scranton. There will be no preliminary, the lone game starting at 8 o'clock.

Both teams have losing records. The Bullets have won three while losing five. Scranton has only a victory over King's College as compared to setbacks at the hands of Seton Hall, Wagner, Hofstra and LeMoyne, all strong opponents.

Tonight's game promises to be a close affair all the way. Statistics reveal both squads possess about the same height, a new situation for the Bullets who generally have had to concede a height advantage to their opponents.

HANOVER TOPS BIGLER JR. HIGH

Bill Coradetti's Bigler Junior High dribblers absorbed a 63-20 drubbing at the hands of the strong Hanover Junior High outfit Tuesday evening at Hanover.

The Bubblers led throughout and were led by their big men, Ronnie Brownawell and Eddie Dasher, who combined for 45 tallies. Sam Scott and Herb Gingell paced Fairfield.

Littlestown's starting quint pulled an iron man stunt as they took a thriller at East Berlin 56-53 without a substitution being made. Al Snyder of the Bolts and Harold Altland of the Indians each landed 20 points. The game was bitterly contested all the way.

Win On Late Goal
New Oxford blew a 12-point lead midway in the third period but squeezed out a 47-45 decision over invading Biglerville on Welly Snyder's goal in the last few seconds which broke a 45-45 deadlock.

Biglerville took a 10-6 edge in the first period before the Colonials surged into their big lead. As the Cagers came on again Don Wiseman kept New Oxford in contention with several key goals. Ronnie Group paced Biglerville with 17 tallies while scoring was evenly distributed for the winners who also used but five players.

A 31-point effort by Martin featured Newville's 96-47 drubbing of York Springs on the latter's floor. Thirty-six points in the second period by Newville left no doubt as to the ultimate outcome. Top man for York Springs was Jimmy Cashman with 28.

TATUM GIVEN NEW OFFER AT MARYLAND U.

Reports are current in Gettysburg today that James Tatum, head coach of football at the University of Maryland, will sign a contract to coach the University of North Carolina football team for ten years for \$500,000.

By GENE FLOWDEN
MIAMI BEACH, Fla. (AP)—Maryland moved today to retain Jim Tatum as head football coach and athletic director but gave him permission to discuss an offer with officials at the University of North Carolina.

"We have told Mr. Tatum if he wanted security we could have the coaching position put on permanent tenure just like a professor," said Dr. Wilson H. Elkins, Maryland president.

Dr. Elkins explained that permanent tenure would mean Tatum would have to agree to certain Maryland policies and if his personal conduct was satisfactory, he would remain at Maryland as long as he desired.

Not Lifetime Pact
"The position would not depend on his winning or losing but on his personal conduct," said Dr. Elkins.

"It would not be a lifetime contract but would give him a lot more security." Tatum said he was happy at Maryland but since his alma mater, North Carolina, made an offer, he asked and received permission to go to Chapel Hill to "talk losing this time, 20-6."

Tatum, 42, has been at Maryland nine years. During that time the Terrapins have won 73, lost 15 and tied 4. They were unbeaten in 1951, 1953 and 1955.

Tatum brought his Maryland team to the Orange Bowl in 1954, where it lost to Oklahoma, 7-0. Maryland came back this year for a return meeting with Oklahoma, which won 20-6.

FIND "LOADED" DEVICE ON PLANE CONCERN CIVIL

PITTSBURGH (AP)—An Army bomb disposal expert said today that a small metal object found aboard a TWA airliner carrying 32 persons at Columbus, Ohio, was "some sort of incendiary device" and that it was "loaded."

Capt. G. A. Sather of the 14th Bomb Disposal Detachment said the object was similar to a shotgun shell in that it had to be set off. He said that no firing device was found in the instrument.

The object was discovered yesterday afternoon in an aisle of the plane by the pilot, Lyle Ryan. He kept it with him until he reached Wheeling, W. Va., when he gave it to an airport official. It was turned over to police, who called in the FBI. Sather was called in by the FBI.

Sather said he had requested TWA officials in Chicago to check the plane there for any further clues. The plane made a round trip from Chicago via Dayton and Columbus, Ohio, and Wheeling, W. Va., to Washington.

Sather said he had not been able to determine where the object was made nor the chemical content of the powder found in it. He said his preliminary tests showed the powder "burned with a high flame."

The case, silver colored, was about two inches long and about as wide and thick as a nickel.

Sees Expansion Of Civil Service

HARRISBURG (AP)—Expansion of state civil service "to many more people" on the commonwealth payroll was predicted by Ralph D. Tive, executive director of the State Civil Service Commission.

Tive said the expansion would likely be made by classification of activities—persons doing specialized professional jobs under merit rating protection—rather than a department-wide change over.

He told a television panel last night (WPTA's "Capitol Correspondents") that about 14,000 state employees are now under civil service among the 60,000 commonwealth personnel.

He also blamed elderly people who poke along the highways as a major cause of accidents.

BENSON REPORTS ON FARM STUDY

WASHINGTON (AP)—The farmer's decreasing share of the housewife's food dollar was spotlighted Monday night by Secretary of Agriculture Benson.

The secretary released a report by department experts that in 1955 farmers received 41 per cent of the consumer's retail food dollar—down from a record high of 53 per cent in 1945.

Rising costs of handling and processing food all along the line from farm to market were held responsible.

The report said wage rates were up nearly 100 per cent over 10 while freight charges and other costs increased by about two thirds.

Benson had announced a request for the study last month, saying he and President Eisenhower had discussed the problem and agreed the department should determine whether retail food costs "contain improper or excessive marketing charges and profits."

The report said that, on a percentage basis, profits of food marketing firms showed no marked increase in recent years. Many firms showed bigger profits dollar-wise but the report attributed this to increased sales.

they figure, it might be tough getting a crowd for the \$100-a-plate dinner.

The solution?
Tickets will be sold on a time plan: \$25 down, monthly installments of \$25 each.

RED ROULETTE FATAL TO YOUTH

POTTSTOWN, Pa. (AP)—A 19-year-old man shot and killed himself today while playing Russian roulette as a horrified friend watched, police said.

James Henry, an employee of the Doehler-Jarvis fastings plant, died in Pottstown Hospital less than two hours after the shooting.

His wife was sitting in an adjoining room at the time of the shooting.

Henry had returned from work shortly after midnight with a friend, Ronald C. Smith, 18, of nearby Gilbertsville, whom he invited into his house.

Smith said that after brief conversation Henry left the room and

HOUSE TIES UP NET INCOME TAX PROPOSAL

HARRISBURG (AP)—The Democratic House leadership put the finishing touches today on a 2 per cent personal net income tax bill, hoping it would be the first step toward a compromise of the year-long tax deadlock in the General Assembly.

Rep. Readinger, Democratic floor leader, said the net income tax proposal would be introduced in the House at its late afternoon session, not as an administration measure but having "the support of Democrat leaders in both branches of the Legislature."

Readinger said Democrats plan to link the proposed net income tax with three others in a compromise plan in hopes that an eventual agreement may be reached with Republicans.

Outlines Other Proposals

He outlined the others as:
1. A new version of the revived

returned with a revolver. He said Henry unloaded it, then replaced one bullet in the revolving chamber, spun the chamber, placed the gun to his head and said "watch."

Smith said there was an explosion and Henry slumped to the floor in front of a gaily decorated Christmas tree.

He is survived by his widow, a year and a half old daughter, and his parents, Mr. and Mrs. W. James Henry.

manufacturers' excise tax to raise 165 millions.

2. An increase in corporate net income taxes from 5 to 6 per cent to raise 50 millions.

3. A step-up in collection of the state capitol stock tax to raise 25 millions.

Readinger said the personal net income tax would be computed on net income as reported by Pennsylvanians in their federal tax returns after exemptions and other deductions allowed by the federal income tax law.

The entire package, Readinger said, would raise about 450 million dollars, the amount the administration estimates is needed to balance the 1955-57 budget. Republicans dispute that amount is necessary.

House Meets Alone

The House will meet alone this afternoon to receive the personal net income tax bill. The Senate is in recess until Jan. 16.

The personal net income tax bill is the third tax proposal put forward by Democrats during the long tax deadlock to balance the budget.

Readinger said he hoped Senate Republicans would go along with the new plan.

"We feel they (Republicans) will go along with something along these lines," Readinger declared.

Willing To Give Up Program
At the same time, the House leader indicated the Democratic leadership in the Assembly is willing to give up Gov. Leader's 26 million dollars industrial development program and chop 2 millions from additional money asked for mental health services by the Welfare Department.

FUTURE PLANS ARE HINGED ON MR. EISENHOWER

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—The shadow of President Eisenhower fell across the opening of Congress just as vividly as if he had been there instead of in Florida recuperating from a heart attack.

Until he says whether he'll run again, the Republicans in Congress will be confused. They'll probably be more confused if he says he won't run. They have no other leader and none is in sight.

The Democrats are in a strange position too. Eisenhower's answer on running may determine the spirit with which they fight in 1956. Their best chance of winning the presidency is if he doesn't run.

So, in Congress, they cannot escape some uncertainty about themselves, their tactics and their hopes until Eisenhower makes his plans known.

Plan Usual Cry
They have a program for themselves, and the best they can do, whether or not Eisenhower tries again, is push for that and then go before the voters with the usual election year cry of "what good little boys are we."

They'll not be shot at the party and the Eisenhower administration. But they're pretty tongue-tied on the subject of Eisenhower himself and probably will continue to be. He's an immensely popular president. Assaulting him might get a sour response.

And whether or not he runs they'll have to be careful about gunning for a man recovering from a heart attack, although they'll probably find ways of suggesting, if he does run, that a second term for him would be a national risk.

Await Annual Message
When Eisenhower sends Congress his State of the Union message tomorrow—outlining his and the party's program for 1956—he'll give his fellow Republicans a sense of direction for the rest of the year.

Pushing for his program—if he runs—is the best thing they can do for themselves because then they can hope to ride into office on his coattails.

If he doesn't run? The Republicans shudder to think of it. But strangely enough the two parties are so close in their thinking that any program coming out of Congress this year will be a combination of both parties' doing.

This is going to make it tough on the voters when the politicians, on both parties, once the campaign begins, start making claims about their achievements in Congress in 1956.

Mummers Dance In 56th Annual Parade

PHILADELPHIA (AP)—Some 12,000 mummers danced and cavorted up Broad St. Monday in their 56th annual spectacular strut welcoming the New Year.

They gave a curbstone audience estimated at 1 1/4 million a dazzling display along a five-mile route.

The Quaker City String Band won first prize in the string band division, the Klein Club top honors in the fancy costume division and the Murray Club top prize in the comic division. The marchers competed for \$52,000 in prize money.

DOWNED AIRMEN SURVIVE STORM

KEMMERER, Wyo. (AP)—Two airmen Tuesday told how they survived two days in a blizzard raging over the rugged mountains of western Wyoming where they crash-landed their light plane.

"All I can say is that we were awfully lucky. We're both alive and I guess that's what counts," said the pilot, A.2.C. Kenneth Kiefer, 27, of Port Collins, Colo. His passenger was A.2.C. Delbert Fluty, 22, of Evanston, Ind.

Kiefer said he and Fluty huddled in a snow shelter they built and later located a deserted summer ranch cabin.

They stayed there two days, eating a hardtack made of flour, sugar, salt and oatmeal, and a rabbit Fluty caught with his hands. They dozed a haystack with kerosene and lighted a signal fire, but it was not seen.

Finally, after the storm abated Monday, they set out with a sled made from one of the plane's wings and heard a dog barking in the distance. They headed that way and met a rancher who drove them here. Neither was injured.

They had taken off in Kiefer's two-place Aeronca Chief from Rock Springs, Wyo., Saturday morning. They were headed to Travis Air Force Base in California after visiting Kiefer's parents, Mr. and Mrs. Al Kiefer, in Port Collins, Colo.

In nearly one out of eight fatal traffic accidents the driver's vision was obscured.

DISALLE ENTERS GOVERNOR RACE

TOLEDO, Ohio (AP)—Democrat Michael V. DiSalle, former federal price stabilization director, Tuesday entered the race for Ohio governor with a platform pledging continuance of Gov. Frank J. Lausche's policies.

The Toledo attorney is the second Democrat to announce for the gubernatorial post since Lausche said he would not seek a sixth term. Robert W. Reider, Port Clinton publisher, also has announced his candidacy for the Democratic nomination in primaries next May.

Lausche, serving an unprecedented fifth term, has announced he will run for U. S. senator.

Sudan Welcomed As Independent Nation

WASHINGTON (AP)—The Sudan was welcomed into the family of independent nations Monday by President Eisenhower, who sent the new government a message extending the best wishes of the American people.

Britain and neighboring Egypt had jointly ruled the Sudan for many years. Establishment of full independence was proclaimed by the Sudanese Dec. 19 and followed two years of home rule.

may be a candidate for governor. DiSalle, a former Toledo mayor, resigned to become director of price stabilization in the Truman administration. He ran for U. S. Senate in 1950 but failed to get the nomination. Nominated in 1952, he was defeated at the November elections by Republican Sen. John W. Bricker.

U. S. OFFICIALS DISCOUNT TALKS

WASHINGTON (AP)—American officials do not share the view expressed by Premier Bulganin of Russia that early new Big Four talks at the summit might be "fruitful."

They do not believe that Bulganin was seriously suggesting such a conference when he said, in responses to questions published Saturday, that good results might ensue if "all the participants approach the urgent international questions with due consideration of the interests of all parties concerned."

Informed officials who reported this appraisal Monday night said the consensus here is that Bulganin was speaking for the record in a noncommittal way—not wanting to discount the value of negotiations but also not actively recommending them.

The generally known view here is that the Russians have proved by their actions since the Geneva meeting of Bulganin, President Eisenhower and the British and French Premiers that they do not approach world problems with "due consideration of the interests of all . . . concerned."

STATE AIRMEN IN CAR CRASH

CHATTANOOGA, Tenn. (AP)—Two Air Force men were killed and three others injured early Tuesday when the car in which they were riding crashed into a utility pole, knocking a 4,000-volt line across the vehicle.

Traffic Investigator H. E. Schroyer Sr. identified the dead as A.3C William Leo Kelley, 18, of Main St., Selter, Pa., and A.3C Richard J. Harstein, 18, of 806 Raine St., Pottsville, Pa.

High Court Reverses Citizenship Ruling

TRENTON, N.J. (AP)—The New Jersey Supreme Court Tuesday ruled gambler Marco Reginelli of Margate City was not entitled to U. S. citizenship.

serious condition, are A.3C Robert H. Hikes, 19, and A.1C Donald E. Lehr, 21, both of Pine Grove, Pa., and A.3C Ronald E. Guerrieri, 18, of Wilpen, Pa.

Both Kelley and Harstein were thrown partially from the car and were believed killed by electric shock.

All five were returning to Keesler Air Force Base at Biloxi, Miss., from holiday furloughs.

Of all traffic accidents, more than one out of every five occurred between 5 and 8 p.m.

MEDIATORS CALL MEETING AGAIN

PITTSBURGH (AP)—Federal mediators called negotiators together again Tuesday in an effort to end a 12-week old strike of the AFL-CIO International Union of Electrical Workers against Westinghouse Electric Corp.

Tuesday's negotiating session came in the wake of a demand for a Senate inquiry of the strike. Ten Democratic senators, in a statement issued at Washington yesterday, said the stalemate in negotiations for a new contract "seriously harms not only the best interests of the company, its stockholders and employees, but also the welfare of the country as a whole."

The senators noted Westinghouse previously has rejected all suggestions for arbitration. There was no comment from the company on the statement.

EIFFEL TOWER FIRE BROUGHT UNDER CONTROL

PARIS (AP)—Fire broke out atop the steel-skeletoned Eiffel Tower early Tuesday. It was brought under control by firemen who panted all the way to the top of the 964-foot structure on foot.

One eager fire fighter was cut above the wrists as he yanked at fire extinguishers in the fight to save Paris' most obvious landmark. He was the only casualty reported.

The blaze began in an electrical connection in the television coaxial cable installation on the tower's top floor. A black billow of smoke could be seen all over town.

Fifteen firemen made the long journey up the stairs before the elevator got working.

Interrupts TV Programs
The fire briefly interrupted the program of the government-operated television network, which had been running overtime carrying results of the French elections. But the 9 a.m. newscasters counseled his listeners:

"Don't worry about the Eiffel Tower. It's still there. Just to prove it, we're going to show it to you on this screen."

Then the camera gave a view of the 67-year-old tower from its spreading steel girder base up to its top. No firemen or smoke were visible.

PRIME MINISTER PRESS PRESTIGE IS GIVEN JOLT

By HAL COOPER

LONDON (AP) — Prime Minister Eden's waning prestige with the Conservative press hit a new low today when the Daily Sketch advised him either to supply the "guts of leadership" or quit.

The tabloid strongly supported Eden and his Conservative party in the national election only eight months ago. Today, in a front-page editorial, it accused him of "feebleness and fumbling" toward foreign policy problems and Britain's worsening inflation.

"If he does not tackle inflation, his days in Downing Street (the official residence of the Prime Minister) are numbered," the Sketch declared.

The editorial said members of Eden's own party are saying, "If he cannot make up his mind to govern, let him make up his mind to go."

Severe Criticism
The blast in the Sketch climaxed a week of severe criticism during which even the staunchly Conservative Daily Telegraph and Daily Mail turned on Eden, once their fair-haired boy.

Hugh Gaitskell, leader of the opposition Labor party, has demanded the recall of Parliament from its holiday recess so the arms disclosures could be debated before Eden and Foreign Minister Selwyn Lloyd went to Washington at the end of the month.

Eden turned that demand down but said the government would publish a white paper giving the facts. Earlier this week the government announced such surplus material could be sold to foreign countries only if they guaranteed that it would not be used for military purposes.

MIAMI JOINS TRIPLE-A LOOP

MIAMI, Fla. (AP)—Miami will replace Syracuse when the International Baseball League opens its 154-game schedule April 18.

This rapidly-growing resort city was officially voted into the far-flung triple-A circuit at a board of directors meeting here yesterday.

The league unanimously endorsed the proposal of Sid Salomon Jr., St. Louis insurance executive, to transfer the Syracuse franchise to Miami after a verbal agreement from the City Commission on the club's use of Miami Stadium.

Salomon and his associates, Bill Vecek, former president of the Cleveland Indians, and Elliott Stein, St. Louis investment banker, bought the franchise from Martin Haske for a reported \$100,000.

The ultimate goal is to get Miami into the major leagues, Salomon said, and he hopes that possibility will materialize in four to five years.
